

DEPARTMENT OF PUBLIC HEALTH DENTISTRY

DISSERTATIONS

SN	PG STUDENT	GUIDE	TITLE	YEAR
1.	Dr. Sujatha.A	Dr. Nagesh L.	Comparative assessment of salivary flow rate, pH, buffering capacity, sodium, potassium, calcium, phosphorus, total proteins, and sialic acid and dental caries between 5-18 year old subjects with Down's syndrome and without Down's syndrome in Chennai city.	2008
2.	Dr. Usha.G.V	Dr. Karibasappa G.N.	Comparative assessment of caries experience, oral hygiene status, gingival health status, salivary streptococcus mutans and lactobacillus acidophilus count between asthmatic and non- asthmatic children aged 5-12 years in Davangere city.	2008
3.	Dr. Savithramma.R.B	Dr. Nagesh L.	Assessment of knowledge and attitude in identification and reporting of child abuse and neglect among dentists of Davangere district – A cross sectional survey	2008
4.	Dr. Sujatha.B.K	Dr. Puja C. Yavagal	Assessment of relationship between malocclusion and temporomandibular disorders among 12-18 years old adolescence in Davangere city – a cross sectional survey	2009
5.	Dr.Shyam.S	Dr. Nagesh L.	Assessment of sense of coherence and its relationship with oral health status and oral health behaviours among 15-21 year old students in Davangere city – A cross sectional study	2009
6.	Dr. Anjan.G	Dr. Nagesh L.	Assessment of relationship of self-liking, self-competence with self-reported oral health status and oral health behaviors among 15 years, 18-21 years and 35-44 years old residents of Davangere city – A cross sectional survey.	2009
7.	Dr. Shrudha Potdar	Dr. Nagesh L.	Relationship between locus of control, dental health values and plaque, gingival status before and after oral health education program among college students in Davangere city	2010
8.	Dr. Mary Shimi S. Gomez	Dr. Nagesh L.	Comparison of dental caries status, periodontal status and oral hygiene status between autistic children and non-autistic healthy controls aged 3-18 years in Bangalore city - a cross sectional study	2010
9.	Dr. Priyanka S.G.	Dr. Puja C. Yavagal	Assessment of relationship between obesity and periodontitis among 18-35 year young adults in Davangere city – a cross sectional study	2010
10.	Dr. Sagar K .	Dr. Puja C. Yavagal	Assessment of relationship between body mass index and dental caries experience among 15 year old students in Davangere city - a cross sectional survey	2011
11.	Dr. Umesh Wadgave	Dr. Nagesh L.	Comparative evaluation of socio-dental and normative dental needs among 18-21 year old students in Davanagere city – a cross sectional survey	2011
12.	Dr. Deepta Ramarao A.	Dr. Nagesh L.	Comparative evaluation of salivary total antioxidant capacity before and after scaling and root planning in patients with chronic periodontitis and in controls before and after scaling	2011

13.	Dr. Ambika	Dr. D.J Veeresh	Assessment of dental caries experience, periodontal status, oral hygiene status and their relationship with personality traits and stress in 35-44 year old residents of Davangere city - A cross sectional survey	2012
14.	Dr. Hitashi Sighla	Dr. D.J Veeresh	Assessment of tooth wear and its relationship to age, gender, socioeconomic status, diet, intake of carbonated drinks, gastro-esophageal reflux disease, stress, para-functional and oral hygiene maintaining habits in 35-65 year old residents of Davangere city- A cross sectional survey	2012
15.	Dr. Krithi	Dr. Puja C. Yavagal	Assessment of dental caries experience among 18 year old college students in Davangere city with different genetic sensitivity to bitter taste of 6-n-propylthiouracil - a cross sectional survey	2012
16.	Dr.Denzy Lawrence	Dr. Puja C. Yavagal	Comparative Evaluation of salivary fluoride and calcium estimation after the application of sodium fluoride varnish, sodium fluoride-tricalcium phosphate varnish and sodium fluoride-amorphous calcium phosphate casein phosphopeptide varnish- a randomized controlled trial.	2013
17.	Dr.GK Divyapriya	Dr. D.J Veeresh	Oral Health Literarcy, Oral health knowledge attitude, practice among school teachers in Davangere City- A cross sectional survey	2013
18.	Dr.Nousheen Nadaf	Dr. D.J Veeresh	Assessment of relationship between family characteristics and dental caries experience among 5 and 12 year old school children in Davangere city- A cross sectional survey	2013
19.	Dr Mahesh	Dr Veeresh DJ	Comparative evaluation of root caries remineralization effect of plane milk, 5ppm of fluoridated milk and 5ppm of sodium fluoride in deionized water using surface microhardness test- An in- vitro study.	2014
20.	Dr Akhil	Dr Puja C Yavagal	Comparative evaluation of remineralizing effect of casein phosphopeptide-amorphous calcium phosphate containing cream, nano hydroxyapatite and hydroxyapatite –xylitol containing pastes on artificially induced enamel caries lesions using surface microhardness test- An in-vitro study.	2014
21.	Dr Nisha	Dr Sapna	Assessment of self rated oral health and its relationship with subjective symptoms, oral health behavior and clinical conditions of first year medical, dental and ayurvedic students in Davangere city - A Cross sectional survey	2014
22.	Dr. Tanushri	Dr. Puja C Yavagal	Comparative evaluation of retention rates of Amorphous Calcium Phosphate sealant and resin based sealant on Permanent mandibular 1 st Molars in 6-9 year old children: A randomized controlled trial.	2015
23.	Dr. Varghese	Dr Sapna	Comparative evaluation of remineralising properties of theobromine, nanohydroxyapetite and sodium fluoride toothpaste on enamel micro-hardness after an in vitro erosive challenge.	2015
24.	Dr. Gargi Patel	Dr. Nagesh.L	Assessment of Parents Oral Health related perceptions about their adolescent childrens' Oral Health and Comparison with self reported Oral Health related	2016

			perceptions of their Adolescent children in Davangere city- A Crosssectional survey	
25.	Dr. Nadar Bhuvaneshwari Gangadharmurthy	Dr. Usha GV	Assessment of perceived Oral health needs and barriers for utilization of dental services among elderly population aged 65 – 74 years in Davangere city - a cross sectional survey	2016
26.	Dr. Velangi Chandrabhaga Sharadkumar	Dr. Nagesh L	Comparative Evaluation Of The Efficacy Of Laser Acupuncture ,Counseling And Laser Acupuncture With Counselling In Reducing Nicotine Dependence Due To Smoking –A Randomized Controlled Trial	2016
27.	Dr Anindita Dutta	Dr. Sapna B	Comparative evaluation of remineralization effect of CPP-ACP containing cream, Nanohydroxyapatite toothpaste and Calcium sucrose phosphate containing toothpaste on artificially induced enamel carious lesions using polarised light microscope- An in vitro study	2017
28.	Dr Apoorva Shukla	Dr. Usha GV	Comparative assessment of periodontal health status antioxidant capacity and salivary oxidative stress level people practicing pranayama and controls aged 35-40 years - A cross sectional study	2017
29.	Dr. Aniruddha Das	Dr Puja C Yavagal	Assessment of factors associated with oral health related quality of life of elderly population aged 60 years and above in Davangere City- A cross sectional survey.	2018
30.	Dr. Dayanand R.	Dr. Sapna B	Assessment of clinical characteristic and risk factors associated with non carious cervical lesions on adult population- A clinical survey	2018
31.	Dr Umbranikar Manjusha	Dr Usha GV	Comparison of efficacy of 4 mg nicotine gum and 4mg nicotine lozenges in reduction of craving, withdrawal symptoms and tobacco abstinence among smokeless tobacco users aged 20 – 35 years in Davangere – A Concurrent Parallel Randomized Trial	2019
